

CHICKEN LADDER SYSTEM

COMBINE 6' SECTIONS FOR LENGTHS OF 12' 18' OR 24'

CHICKEN LADDER #11601 & #11610

- Combine 6' Sections with Hook for Climbing Aid
- Ideal for Quick On and Off Work
 - Inspections & Estimates
 - Solar Panel Installation
 - Small Repairs (Masonry, HVAC, Roofing, etc.)
- Attach ladder section with a 1 1/2" bolt and reversible lock nut for safety; for quick connect: use safety clevis pin
- Raised solid-steel rungs are hand-welded for safety
- 10" hook has 1/2" reinforcement rod adding strength and stability
- Wheel added to roll up roof for easy positioning (also prevents damaging shingles)
- 250 lb, Capacity
- Now UPS-shippable
- Powder coated safety yellow
- Made in America

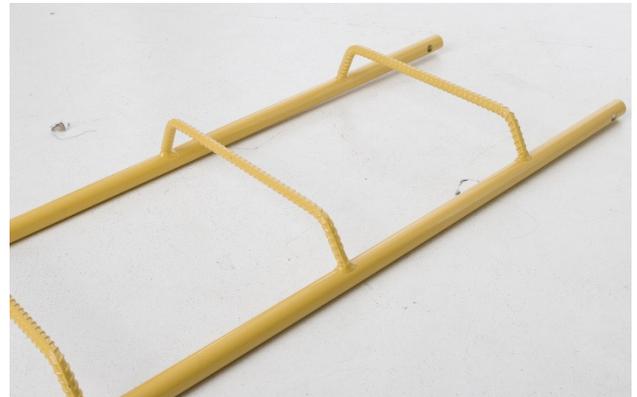

PADDED LADDER KIT #11620

- Optional padded ladders with protective covers
- Prevents marring of roofs

These heavy-duty, super-tough chicken ladders make it easy to access and maneuver in hard-to-reach work areas. The raised, solid-steel rungs are hand-welded for safety, and the 10" hook has a 1/2" reinforcement bar. The T-bar is positioned over the peak to prevent slippage. 6' extensions are available.
